All About **180**Professionals

“Achieving certain goals, does not mean achieving desired results, but achieving desired results, definitely means achieving desired goals.”

180Professionals Corporate, R&D Centre.

Focus

- Customised Solutions in Strategic Training and Development.
- Human Resource Optimisation through MBTI Consulting (MBTI® Step III™ Certified).

Purpose

Identifying strategic potential in people and adding value through uniquely tailored solutions in training, development and performance consulting.

Vision

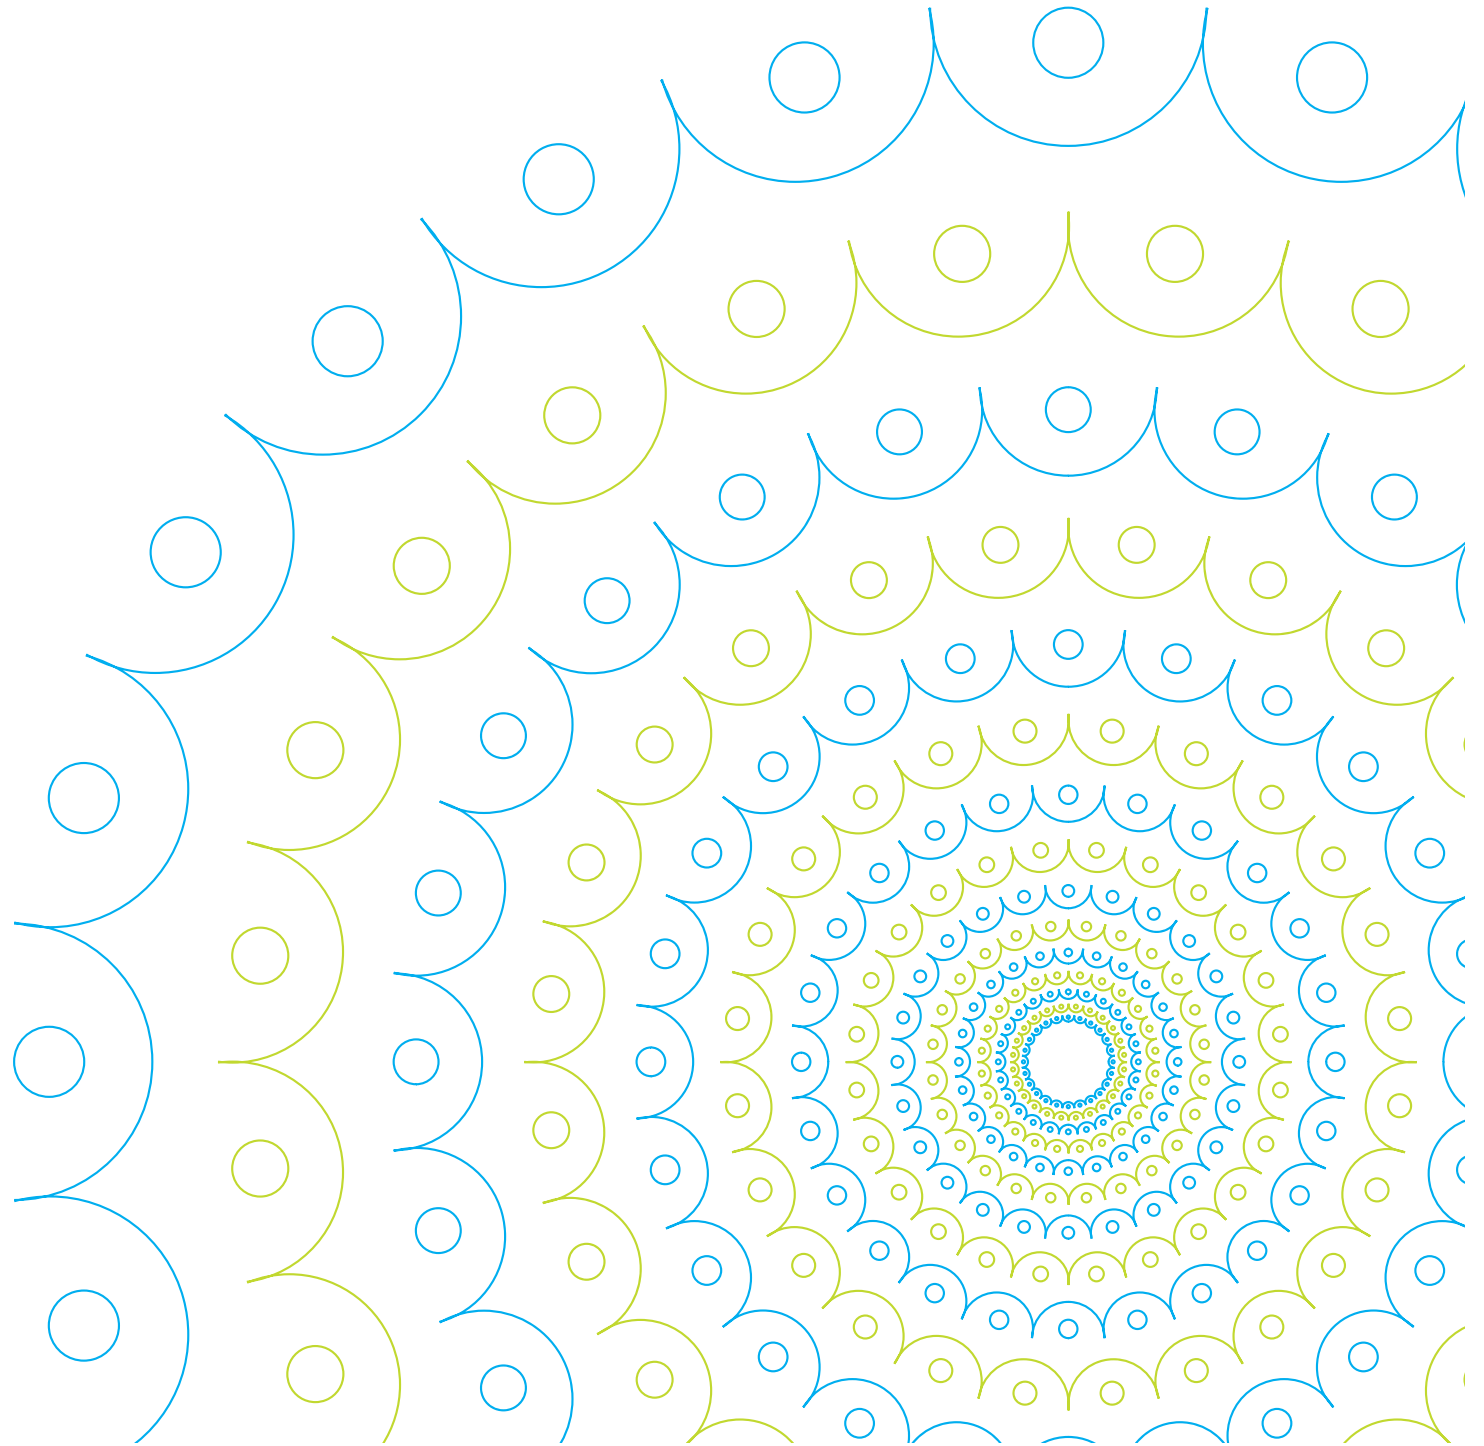

To be the provider of choice for individual and organisational development solutions.

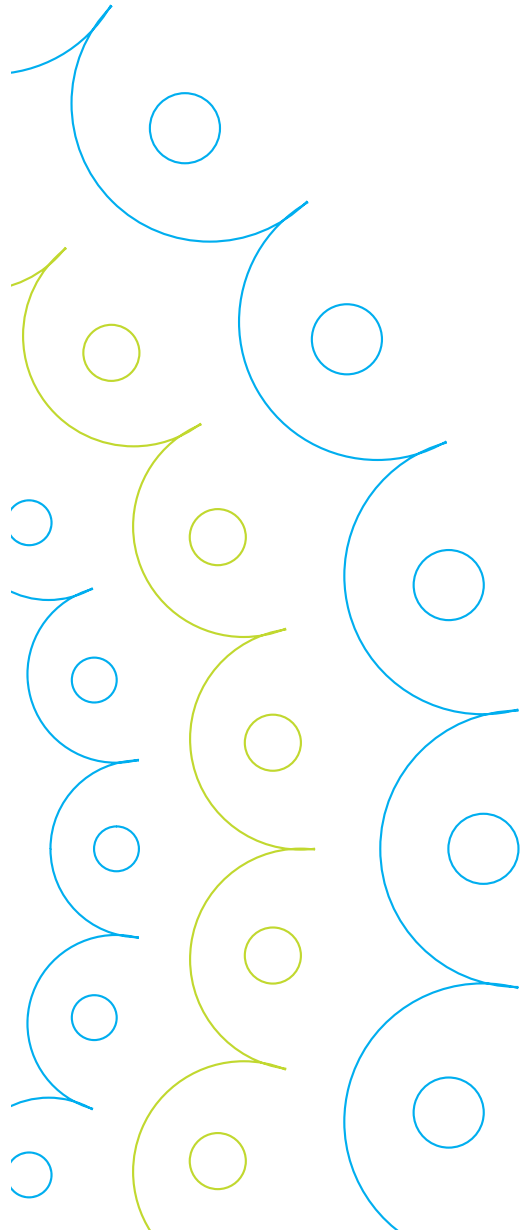

Mission

Guiding individuals and organisations into optimal performance through strategically aligned learning and behavioural consulting services.

“Change has
only one step,
which has
endless
phases!”

180Professionals Corporate, R&D Centre.

What

We assess your HR capabilities against your strategic requirements and provide training and development solutions tailored to your specific needs.

How

- Strategic assessment of organisational training needs.
- Assessment of HR strengths and potentials through MBTI Consulting.
- Customised training & development solutions to fit your strategic requirements.

Why

- We seek to understand your needs before we recommend a solution.
- We care about you, your people, and your future.
- We are seriously interested in creating genuine value through our partnership with you.

“The five oceans of the world are incredibly deep but are still limited; however, the 16 Personality Types are bottomless”.

Dr. Moosa Al-Jowaiser

Dr. Moosa Al-Jowaiser . President

Dr. Moosa is known to many as a very affable, enthusiastic and energetic individual that has provided many trainees with the spark of inspiration they required to unlock their full potential in life. His strengths lie in his being able to listen, understand, and direct people to areas in which they can best apply their creativity and skills.

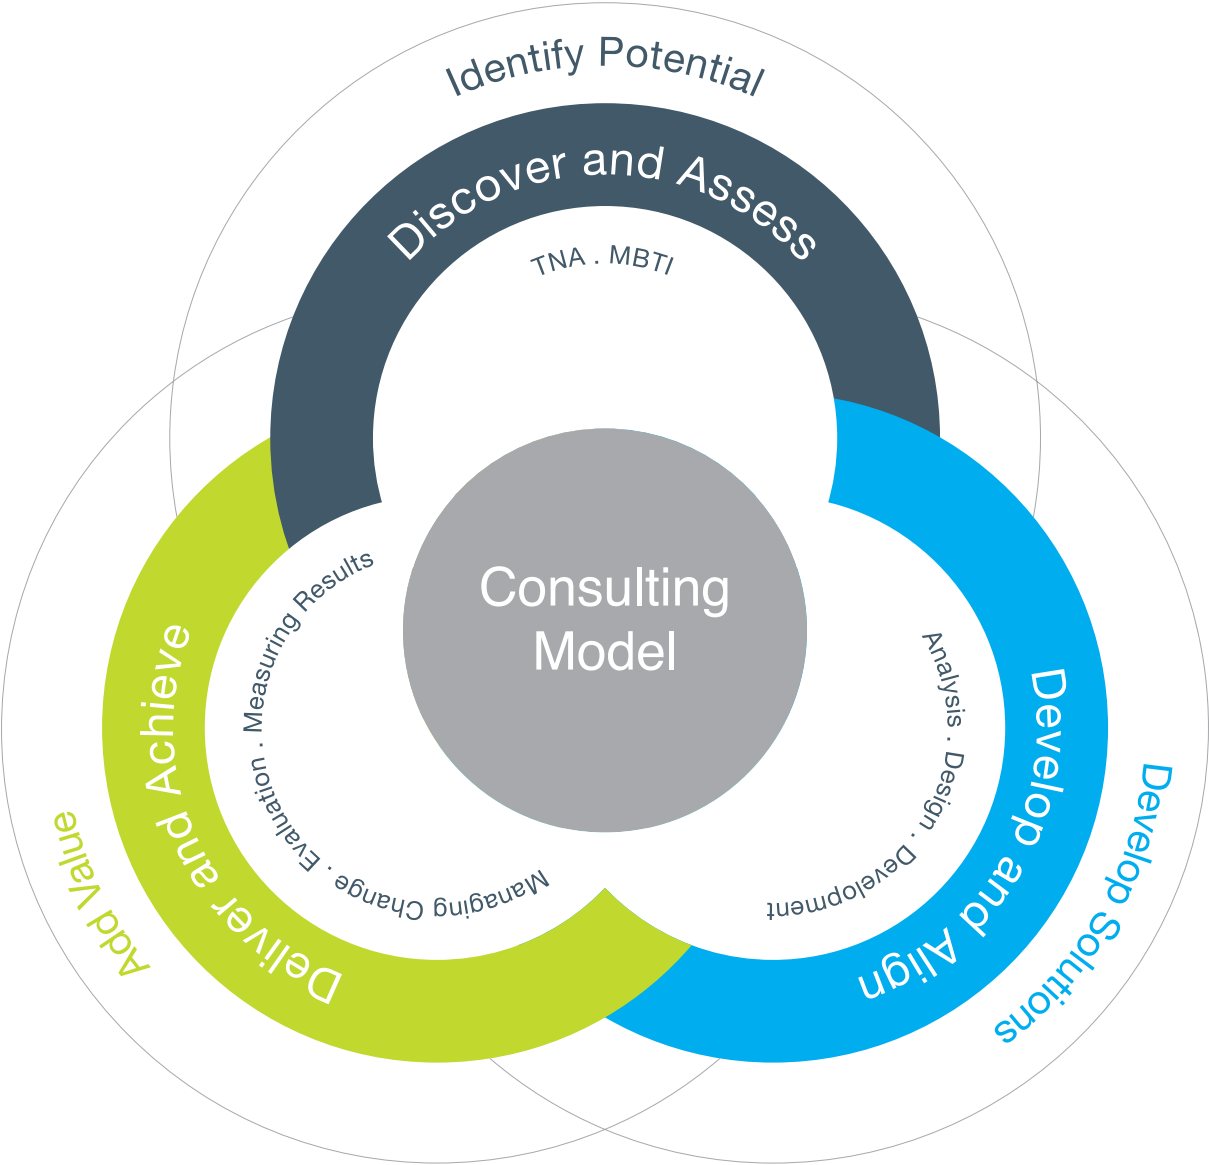

Nofal Al-Musarea . General Manager

Nofal is enthusiastic and extroverted, and thrives in working environments that include innovation and inspiration as this allows him to draw on his impulsive energy, intuition and knack for logical solutions to complex problems and projects to plan ahead for change, well ahead of the crowd.

Who

“Before you rush and “think out of the box”, first utilize the box. Actually I don’t believe in thinking out of the box; just expanding it!”.

Nofal Al-Musarea

T&D

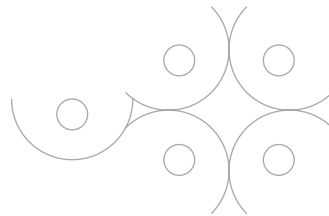

180Professionals Corporate strive to offer customised and result oriented solutions for all our clients. At our Research and Development Centre, we utilise the latest techniques and tools including MBTI and Human Performance Technology to ensure that whether we are involved in facilitating, training or coaching your staff, our services always offer added value to your organisation.

MBTI

180Professionals Corporate prides itself in the fact that our specialisation in the field of Personality Types makes us more than just another conventional Training and Consulting Company and sets us up as one of the market leaders in the Middle East.

MBTI's instrument is the most well researched and validated test available in the market and is used regularly for a variety of purposes in education.

In fact, we are the first training company in Middle East that employs the highly successful and reputable Myers Briggs Type Indicator (MBTI) Step III.
